INSTRUCTORS' BIOGRAPHIES

Merry May of Tuckahoe, NJ, began making small quilted items for family and friends in the mid-1970s, not knowing of any quilters in her ancestry at the time. She decided that if she was ever to own a quilt, she would have to make it herself. Since her humble beginnings (which she attributes to “beginner’s luck”), Merry has developed a reputation for excellence in teaching quilt-making, as well as in quilt history, and professional development. She has traveled throughout the East Coast of the US, as well as Canada presenting lectures, appraisals and workshops for quilt guilds and quilt shops since 1988. Merry is a founding member and past President of the former State Quilt Guild of NJ. Merry is also a past president of the former Quilt Professionals’ Network. In 2002, 2003, 2006 & 2008 she taught at the Vermont Quilt Festival, and also for Brother International in 2003. She was nominated by one of her many students for Professional Quilter magazine’s 2003 and 2008 Teacher of the Year Award. Merry’s web page is at: <http://www.merrymayhem.com>

Lorraine Fenstermacher, of Pleasant Mount, PA, started quilting in 1989 and has been expanding her horizons ever since. She has been quilting professionally for over 20 years, during which time she has won several awards for her long-arm machine quilting. She has taught professionally at Calico N Cotton in Ocean City, NJ, Strobel’s Sewing Center in Myerstown, PA, Jo-Ann’s Fabric in Mays Landing, NJ, and at several other locations. She is a Founding Member of the former State Quilt Guild of New Jersey, and holds memberships in the following Guilds: Pleasant Mount Quilters, South Shore Stitchers, and AQS.

SKILL LEVEL DEFINITIONS

Below you will find some definitions for skill levels as mentioned in our list of workshops. Please note that these are **our** definitions. Other interpretations may vary.

All - just what it sounds like... everyone is welcome, including non-sewers!

Beginner - someone who is familiar with sewing on a sewing machine, but has never done any quilting projects.

Confident Beginner - someone who is familiar with basic rotary cutting techniques, can sew an accurate 1/4" seam, and can do simple appliqué.

Intermediate - able to at least complete a wall hanging on their own; is comfortable using rotary cutting techniques, but can also use templates; has had some practice with appliqué methods; knows how to sew "set-in" seams, curved seams, and mitered corners.

Advanced - is ready for more challenging projects, which may include color and design, drafting original patterns, or being able to tackle a project based on an idea, rather than a specific process. This would be someone who is very experienced in constructing and finishing a variety of quilts.
